

Stand with Your Union

We got your back and we fight for you!

A strong union with many members can advance the issues educators care about:

- Professional pay and secure healthcare and retirement
- Improved working and learning conditions and the defense of professional rights
- Building the colleges LA students deserve
- Social justice in the communities we serve

Union members:

- Can run for office – Have a voice!
- Can vote for representatives and officers
- Attend our benefits conferences and workshops for adjunct faculty
- Have input on bargaining priorities
- Can vote to ratify the contract
- Keep the Guild's voice strong

A weak union with fewer members opens the door to:

- Attacks on pensions and healthcare benefits
- Privatization attacks that outsource faculty work
- Work environment issues not being addressed
- A weakened political voice on our Board of Trustees and in Sacramento
- Less clout when dealing with administrators on our campuses

WHEN WE'RE ALL IN, WE HAVE MORE POWER – OUR VOICES ARE STRONGER.

Union dues are only 1.6 cents per dollar of earnings. Union members contribute their fair share so the union can fight for improvements to salary, benefits, and working conditions in negotiations and protect our rights on the campuses.

Our union is there for you!
Be there for our union!
